Where a child's mind & spirit soars

“West Bay is the perfect place for Middle Schoolers who are in transition in so many ways – emotionally, physically, spiritually. At this stage in their lives, while they are questioning who they are, who their friends are, what their faith is...it is so reassuring to know that they can turn to any of their teachers for guidance in all these important areas at almost any time during the day. They learn life fundamentals here that will prove to be influential throughout their lives.”

- Parent of two recent middle school graduates

How did you hear about West Bay Christian Academy? _____

Partnering

Parents, teachers, and faculty working together to raise children to be all that God intended them to be...welcome to West Bay Christian Academy.

Established in 1981, West Bay Christian Academy was founded to partner with parents seeking a distinctively Christian education that was academically excellent for their children. We are an independent Christian school located on a 5.5 acre campus with 200 students in grades K through 8. Our students represent over 50 churches and numerous Rhode Island communities.

Learning

Our quality teachers strive to develop each child's individual strengths in small class environments. Both stimulating and academically challenging, our classes are integrated across subjects using engaging thematic units. West Bay Christian Academy students consistently score at the highest levels on national standardized tests and RI State Assessments, and graduate well prepared to excel in high school.

A wide range of co-curricular opportunities are available to enrich the students' learning experience, including art, chapel, computer, library, music, physical education and recess. In addition to the spacious classrooms, our facilities include a state-of-the-art science lab, a modern computer lab, a new media center, and a fine arts room.

"Without a doubt the best thing about West Bay is the teachers. They truly cared about me and at the same time, challenged me to do my best."

- Recent Graduate

Growing

A well-rounded student needs nurturing well beyond academics.

Team-building activities such as athletic teams, band, chess, drama, debate and student council complement our students' academic education. The children are challenged with high moral expectations and are encouraged to learn mutual respect for themselves and others. In addition, the academy offers a gymnasium, two playgrounds, and a full-size soccer field for student recreation.

"West Bay is a small school environment that still provides my kids with so many great growth opportunities...sports, band, debate, science fair, mock trial, chess club and community service!"

- Parent of Three

"I was impressed with WBCA right away...as I walked into the Open House I was greeted by a little 3rd-grade boy who looked me straight in the eye, shook my hand, and said, 'Hi, my name is Bryan and I'll be your tour guide today!'"

- Parent of New Kindergarten Student

Loving

Our nurturing and caring atmosphere is designed to develop future community leaders with a curriculum and teachings inspired by a Biblical foundation. The Academy provides a safe harbor in which students, teachers and parents work together to build a unique educational experience.

"Teaching at West Bay Christian Academy is so rewarding. The smaller class sizes allow me to really get close to my kids and the parental involvement makes for a true partnership."
